To Our Valued Patients:

We apologize in advance for the increased paper work, specifically the “bubble sheets”, you are required to fill out.

As mandated by the Federal Government, we are in the process of converting our manual records to EMR (Electronic Medical Records). Ironically, going paperless may initially require increased paperwork for some of our patients.

Although EMR will lead to better medical care in the future, we understand that the benefit is hard to see while you are filling out all of this paper work.

Please know that we sympathize with you, and assure you that your turn to see the Provider will not be delayed because of the time you take in filling out the required information.

We thank you in advance for your cooperation and understanding. In the future you may choose to update your information via our patient portal found on our website at www.thomasderm.com

Sincerely,

Thomas Dermatology
